Envolve Vision has been providing comprehensive and affordable eye care services for over 30 years.

We offer tailor-made, cost-effective coverage solutions that enhance the vision plans of our partners.

Envolve Vision currently provides vision services to over 8.8 million members in 25 states. We thank you for being a part of our growing network and providing quality eye care services to these members. We look forward to another successful year in 2018.

Routine Diagnosis Code List

Envolve Vision is using a new routine diagnosis code list (excludes Texas plans) that can be found on our website under the *Eligible ICD Coding Information* section at:

<https://visionbenefits.envolvehealth.com/forms.aspx>

Texas ICD code forms are located with your plan specifics via *Eye Health Manager*.

Provider Education
