Policy and Procedure Guidance

As a reminder, a complete set of our policies is located on our website. To navigate to the policies, simply login to Eye Health Manager* at <https://visionbenefits.envolvehealth.com/logon.aspx>, click on Provider Resources and choose Policies and Procedures. From here, you can view our Preventative Eye Examination clinical policy or click on Routine Diagnosis Codes to reference the list.

As a reminder, diagnosis codes must be reported at their highest level of specificity. Diagnosis codes labeled "other specified" (e.g. other specified visual disturbances) or "unspecified" (e.g. subjective visual disturbance, unspecified) do not meet the requirements of a valid co-morbidity or medical reimbursement. Diagnosis codes that describe signs and symptoms (e.g. headache, pain in or around the eye, visual discomfort), as opposed to diagnoses, are suitable only when a diagnosis has not been established and do not meet the requirements of a valid co-morbidity or medical reimbursement.
