

MAGNOLIA HEALTH PLAN

INSTRUCTIONS FOR OBTAINING PRE-AUTHORIZATION FOR OPHTHALMOLOGY SERVICES

The following services require pre-authorization by Envolve Vision:

- J2778 (Lucentis), J0178 (Eylea), J2503 (Macugen) and J3396 (Visudyne)
- Any service that takes place in a non-participating facility or by a non-participating physician
- Providers must use participating Magnolia Health Plan facilities and receive authorization for the facility from Magnolia Health Plan. To facilitate this process, Envolve Vision will submit a copy of the authorization to Magnolia Health Plan to initiate the facility authorization. Ambulatory surgical centers do not require prior authorization from Magnolia Health Plan.

Timeliness of UM Decision Making and Notifications

- A standard authorization decision will be made within three (3) calendar days and/or two (2) business days. This three (3) calendar day period may be extended up to fourteen (14) additional calendar days upon request of the Member or the Provider, or if Envolve Vision justifies to the Division of Medicaid a need for additional information and how the extension is in the Member's best interest.
 - If the requested service is approved, an authorization letter will be faxed to your office within the timelines specified above.
 - If the requested service results in a denial, the requesting physician will be notified of the decision and offered a peer to peer conference with an Envolve Vision Medical Director. The Mississippi Department of Health considers reviews referred to a physician for review an exception to the standard, therefore allowing up to 14 calendar days for determination and notification.
- Participating providers may utilize the Envolve Vision website to verify status of pre-authorization requests at <https://visionbenefits.envolvehealth.com/logon.aspx>.

Please follow the instructions listed below when requesting a pre-authorization review for services rendered in a non-participating facility or by a non-participating physician:

- Ensure that the Pre-Authorization Request Form is completely filled out, including office and facility addresses, NPI and Tax ID.
- Pre-authorization requests for J2778 (Lucentis), J0178 (Eylea), J2503 (Macugen) and J3396 (Visudyne) must be sent using the Pre-Authorization Request for Anti-VEGF Injectables form at <https://visionbenefits.envolvehealth.com/forms.aspx>.
- Pre-authorization requests must include the codes for all procedures that will be performed during the patient encounter/session.
- Fax the completed form and any supporting clinical information to Envolve Vision at (877) 865-1077.
- Requests for non-participating providers and facilities must include the following documentation (as applicable):
 - Copy of malpractice insurance Face Sheet
 - Copy of practitioner's Mississippi medical license
 - Copy of valid Mississippi Medicaid identification number
 - Completed W-9
 - Completed Ownership & Disclosure form
- After Envolve Vision has received the request it will be entered into the utilization management system and a Care Manager will review the information. If necessary, you may be contacted for additional information.

Emergency Procedures

Emergency procedures do not require prior authorization. Services provided on an emergent basis in a non-participating facility should be submitted to Envolve Vision for retrospective review and authorization by the next business day after services have been rendered.

Emergency care is defined as any health care service provided in a hospital emergency facility (or comparable facility which could be the physician's office) in order to evaluate and stabilize medical conditions of recent onset and severity (including severe pain), if such condition would lead a prudent layperson (possessing an average knowledge of medicine and health and acting prudently) to believe that failure to get immediate medical care might result in:

- placing the person's health in serious jeopardy
- serious impairment to bodily functions
- serious dysfunction of any bodily organ or part
- serious disfigurement
- in the case of a pregnant woman, serious jeopardy to the health of the fetus

**MAGNOLIA HEALTH PLAN
MEDICAL PRE-AUTHORIZATION REQUEST FORM**

_____ROUTINE

_____URGENT *

***A physician with knowledge of the patient's medical condition must determine if a case involving urgent care and that use of non-urgent timeframes could seriously jeopardize the life or health of the patient or the ability of the patient to regain maximum function; or, based on the physician's opinion, the member would be subjected to severe pain. NOTE: Urgent requests MUST be accompanied by a physician's signature. The signature may appear either on this Pre-Authorization form, on the plan of care or medical record.**
